VION ADVANCED TINT AUTOMOTIVE WINDOW FILMS

are 60 micron, two ply, dyed polyester films with a 10 year durability. These films boast exceptional colour stability without metal particles, ensuring interference-free usage. Offering a high tack adhesive system, these films hold well around glazing dots for a flawless finish and an easy installation thanks to the heavier 60 micron construction.

FEATURES AND ADVANTAGES

- No interference thanks to metal-free construction
- Protects against UVA-B with over 99% absorption
- 2 ply construction

CONSTRUCTION

1. Dyed polyester without optical distortion
2. Bonding adhesive
3. Dyed polyester without optical distortion
4. PS adhesive, glass polymerization within 15 days
5. Protection release liner, disposable after installation
