THE RIGHT  
CHOICE.**

## VION VP4000

VP4000 is a 4-year PVC-Free polypropylene digital printing film, suitable for short to medium term applications to flat or slightly curved surfaces.

Now approved for vehicle graphic applications, VP4000 is the natural selection for electric fleet projects.

The film is available in white or transparent variants with gloss or matt finishes and a clear permanent or removable adhesive. A V-Flow air release option is also available for bubble-free application.

Suitable for all print platforms, VP4000 is now available for solvent print platforms, making it a preferred option regardless of print system.

This PVC-free polypropylene film provides a sustainable alternative for the eco-conscious without compromising print quality. The ideal option for businesses looking to meet green initiatives.

Bs1/d0 (ISO 13501-1/ISO1925-2) fire ratings make the film perfect for use in internal public spaces such as airports and shopping centres.

Compatible PVC-free overlaminate, VL4000 is available in gloss and matt finishes for a complete PVC-free graphic solution.

### Applications:

- Display / promotional Graphics
- Signage
- Vehicle Graphics
